

Stilting Nose Mugs

Remember all mugs have stilt marks, these suggestions will help keep them to a minimum.

Suggested Stilt Item
#6711, 1 1/2" 3 pin stilt.

To reduce stilt marks, make sure pins are sharp and clean. Clear glaze that is too thick will also make the stilt marks more noticeable.

When possible try to place stilt pins into grooves in design. This will help hide the marks.
