Step 1 Using the # 8 round brush, apply 3 coats of Pool Party to the rim of the plate, the outside of the mug, including the handle, and to the bottom section of the flower pot. Apply 3 coats of Key Lime Pie to the saucer of the flower pot. Apply 3 coats of Smiley Face to the outside rim and the inside of the flower pot. Also apply to the inside of the mug and the center of the plate.

Step 2 Using the Fun Writer with Smiley Face, make triangles for rays of sun on the rim of the plate and the top outside edge of the mug, meeting the yellow center.

Step 3 Using the # 6 round brush, apply 3 coats of Orange Crush to the petals of the bisquie flower and also to the letters "I" and "MOM" on the mug. Dot with Orange Crush. Apply 3 coats of Rockin' Red to the heart. Apply 3 coats of Smiley Face with the Fun Writer to the center of the bisquie flower.

Step 4 Trace the pattern to the center of the plate and to the rim of the mug. All the letters are done from a Fun Writer filled with Black lab. The outline of sun rays are Black Lab.

Step 5 Using the # 6 round brush, apply 3 coats of The Naked Truth to the arms, legs and face of the little girl. Apply 3 coats of Blazing Saddles to the hair. 3 coats of Rockin Red to the dress and also to the small hearts above the swing. 3 coats of Orange Crush to the shoes and apply dots to the dress using the back of the brush with Orange Crush and 3 coats to the shoes. Apply 3 coats of Happy Trails to the swing. Using the detail brush, apply rope with Blazing Saddles. Outline the girl and her eyes and lashes with the detail brush or the fun writer using Black Lab.

Step 6 Use Bumpy Snow for the clouds on the flower pot and the mug.
