Directions

Step 1 Paint 3 coats of Lime Ricky on the inside of the mug.

Step 2 Using a #6 Round Brush paint 2 coats of Key Lime on the wings and ribbed chest area. Next paint 2 coats of Lime Light over the Key Lime on the wings and ribbed chest area.

Step 3 Using a #6 round brush, paint the rest of the dragon body with 1 coat of Green Acres. Let dry slightly, then sponge off the Green Acres. To create light and dark areas on the body use a #4 brush and paint 1 light coat of Green Acres—lighter on the head and body, heavier around the mouth area and arms.

Step 4 Sideload a #4 round brush with Jumpin' Jelly and paint shadow lines in the wings. With a detail brush paint lines of Green Acres along the Jumpin' Jelly sideloaded areas (see photo above). Paint 3 coats of Jumpin' Jelly to the spine on top of the head and nose.

Step 5 Using a #6 round brush, paint 3 coats of Black Lab on the rest of the outside of the mug. With a detailed brush, paint 1-2 coats of Black Lab on the eyes and tongue. Add highlights to each eye with a dot of Polar Bear.

Step 6 Dip in Dazzle Dip Clear Glaze and fire to cone 06.
